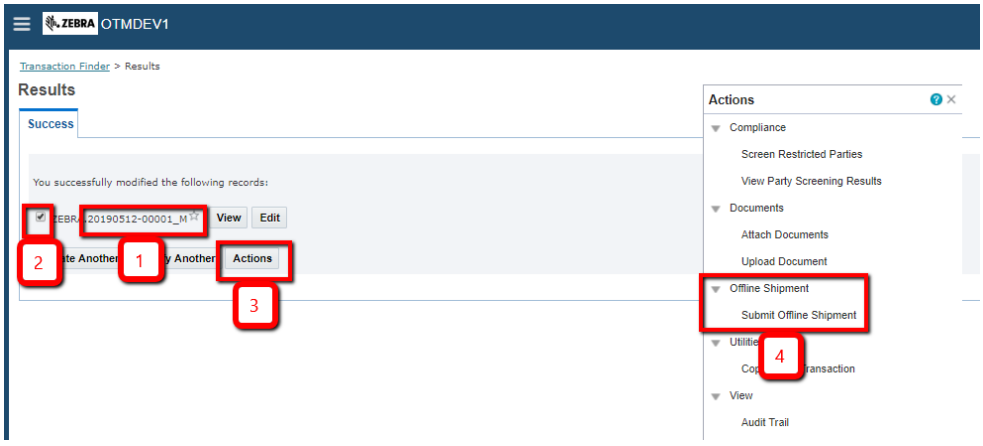
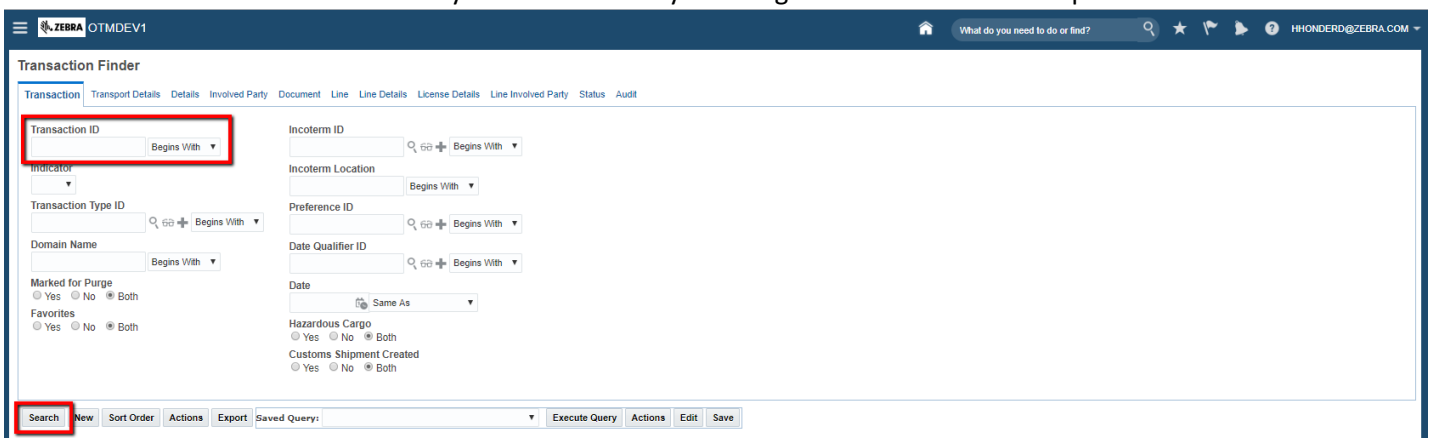
  Usually **EA** for each or select from dropdown

11) Then click **Save**.
12) Repeat **Step 7 thru 12** for all the items you are shipping.
13) Then hit **Finish**.
14) Copy/Note down the shipment number and check the great box.
15) Select **Actions** and **Submit Offline Shipment**.



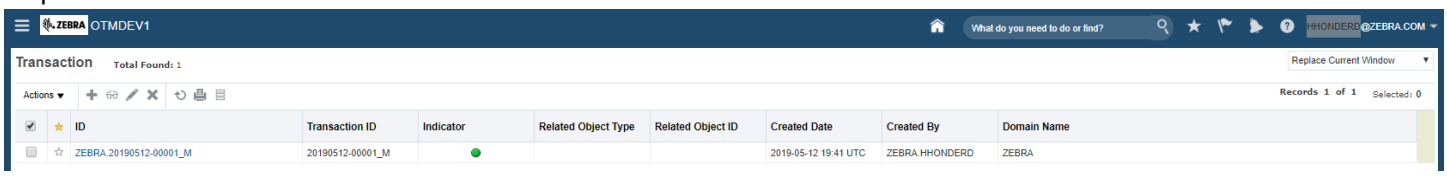
16) Go back to the home screen and find your transaction by entering the **transaction ID** and press **Search**.



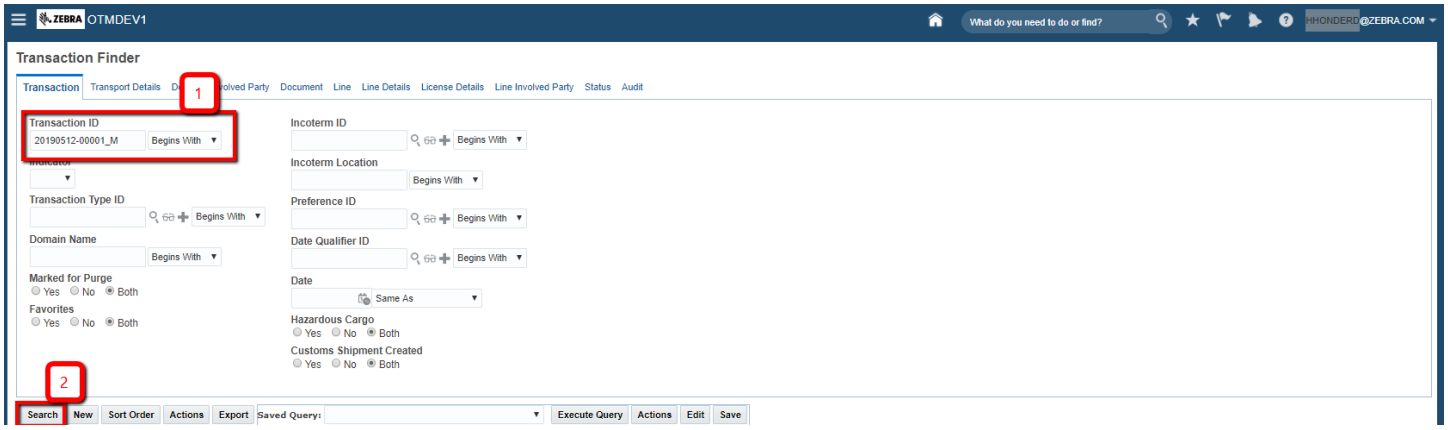
17)

18) If the **Indicator** is **Red**, please send the shipment number to GTCO for them to release the hold.

19) If the **Indicator** is **Green**, or when you get confirmation that hold has been released by GTCO, proceed to the next steps.



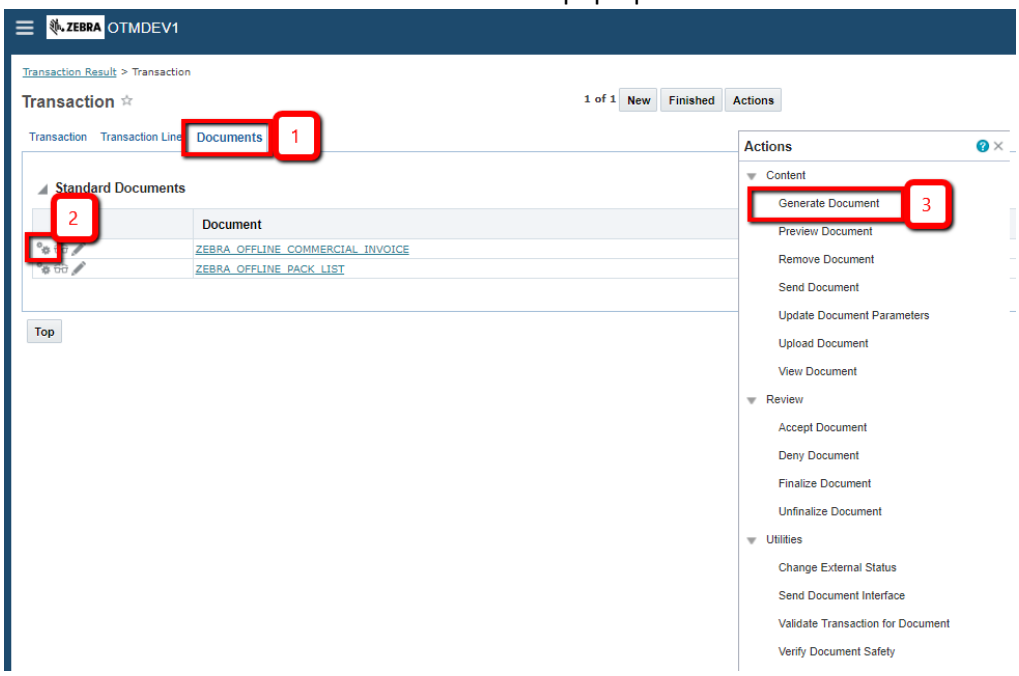
20) Search your shipment in **Offline Shipment** and go into it.



21) Select your shipment (most likely the only one that shows up).

22) Then

1. Go into the **Documents** tab.
2. Click on the **3 squares** logo on the left side of the Invoice and Packing List rows.
3. Click on the **Generate Document** from the pop-up menu for each document.



23) Don't forget to **Sign** and **Date** the invoice before proceeding with the shipment
