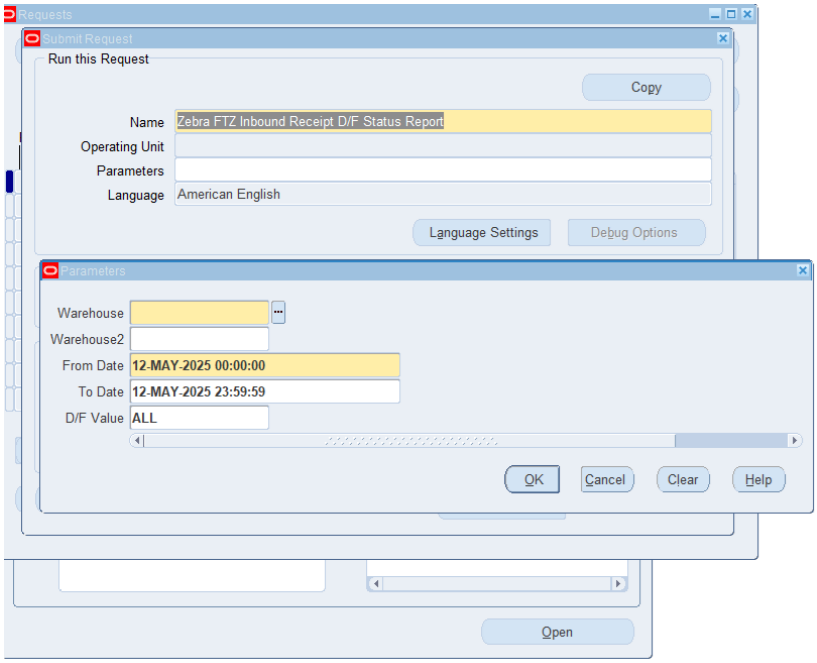
FTZ RECEIPT D/F STATUS REPORT

This work instruction outlines the process for adequately identifying domestic (D) or foreign (F) inbound receipts.

Step 1: Proceed to Oracle ERP – Requests and submit a new Request.

- In the name field, click the three dots and enter '**Zebra FTZ Inbound Receipt D/F Status Report**'
- When prompted, enter the correct org and dates.



Step 2: View the output and open the receipt report request.

- Freeze the header row and add a filter.
- Select and copy all receipt numbers to another sheet – sheet1 and remove duplicates.
- We need to identify how many unique receipt numbers we have.
- After identifying the unique receipt numbers, delete 'sheet1'.

Zebra_FTZ_Inbound_Receipt_D_F_

Step 4: Begin to identify the domestic and foreign shipments.

- You can filter by the Carrier or Supplier.
- Select one carrier at a time and work down the list until every receipt has the appropriate D/F identifier.

- If the carrier has multiple suppliers, filter by one supplier at a time.

Warehous	Receipt Number	D/F	Shipment Numbe	Shipment Line Numbe	Item	Quanti	Supplier	Carrier
TX4	112712		ASN97064	1	PWR-BGA12V50W0WW	300	SANHUA TECHNOLOGY(HK) HOLDINGS	CH ROBINSON
TX4	112712		ASN97064	1	PWR-BGA12V50W0WW	2100	SANHUA TECHNOLOGY(HK) HOLDINGS	CH ROBINSON

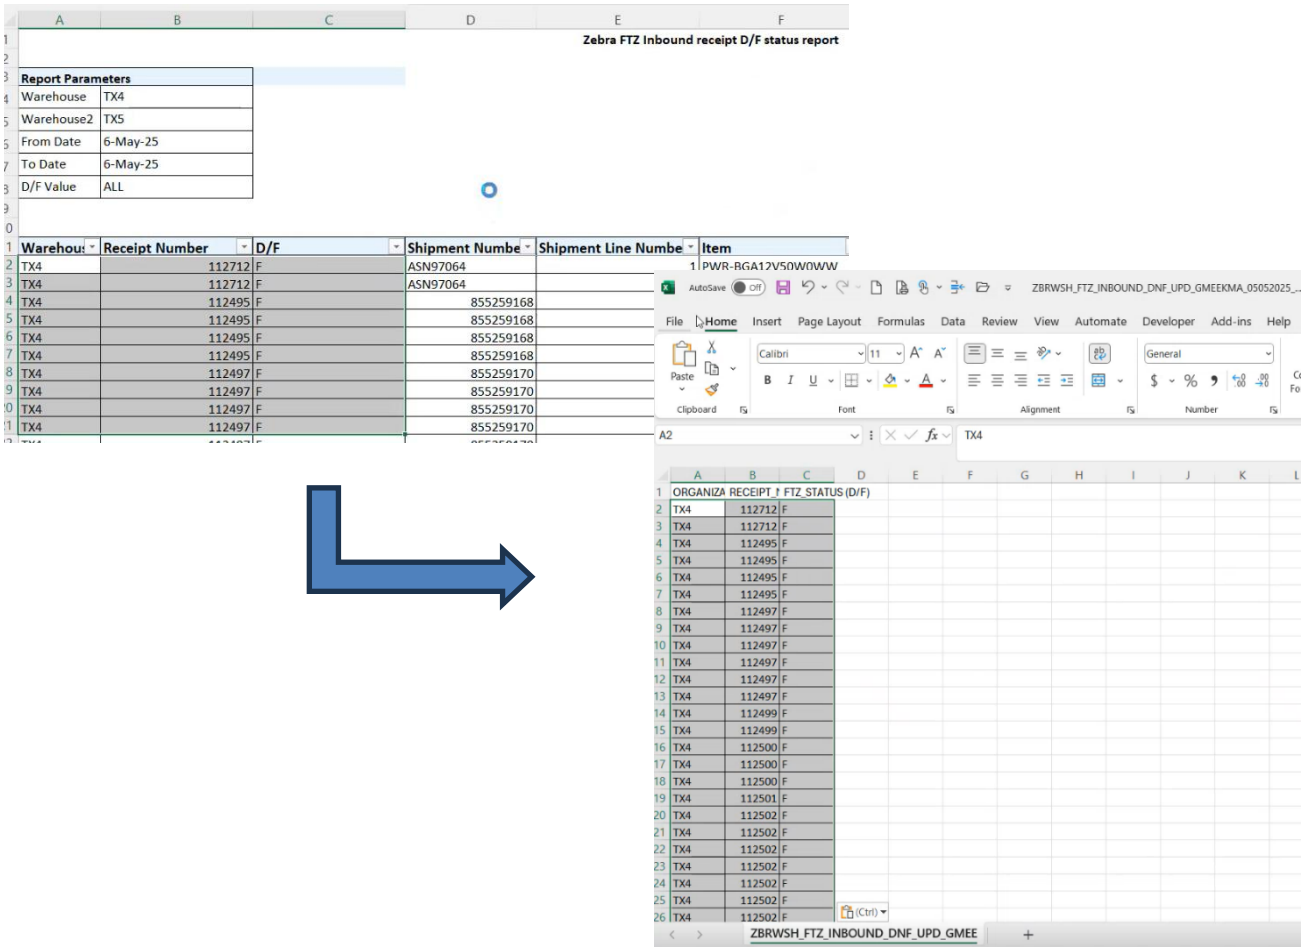
- You might be required to do system receipt research in Fourkites or Oracle ERP to identify if the receipt is domestic or foreign.
- Always reference the receipt paperwork to ensure you correctly identify the shipment.

Step 5: Proceed to TDrive > Merlin Data > Supply Chain > FTZ

- \\zebra.lan\nala\General\Lincolnshire\TDrive\MerlinData\SupplyChain\FTZ

Step 6: Select the most recent file: "**ZBRWSH_FTZ_INBOUND_DNF_UPD_GMEEKMA_05052025**"

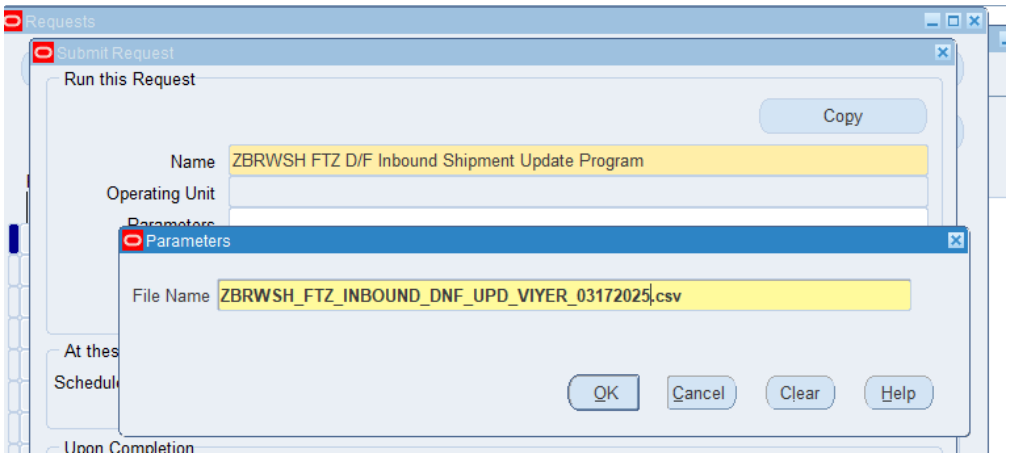
- Blank out and copy the columns, Warehouse, Receipt Number, and D/F data and paste them into the file.

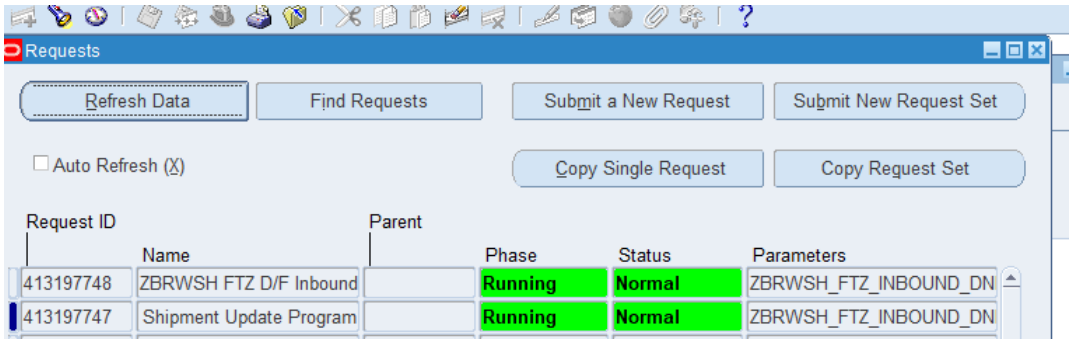


- Update the file name to show the username and date of the person who ran the report.
  Ex: ZBRWSH_FTZ_INBOUND_DNF_UPD_GMEEKMA_05062025
- Click Save.

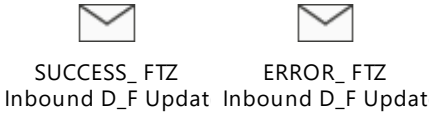
Step 7: Run program '**ZBRWSH FTZ D/F Inbound Shipment Update Program'**

- Select the file you saved in Step 6 and click Ok.
- Format - ZBRWSH_FTZ_INBOUND_DNF_UPD_<USERID>_<MMDDYYYY>_V<XX>.csv





Note: Another program will run and summarize successful and failed reports.



Successful task
