ADDING WEIGHTS AND DIMENSIONS TO THE LPN FOR A DELIVERY

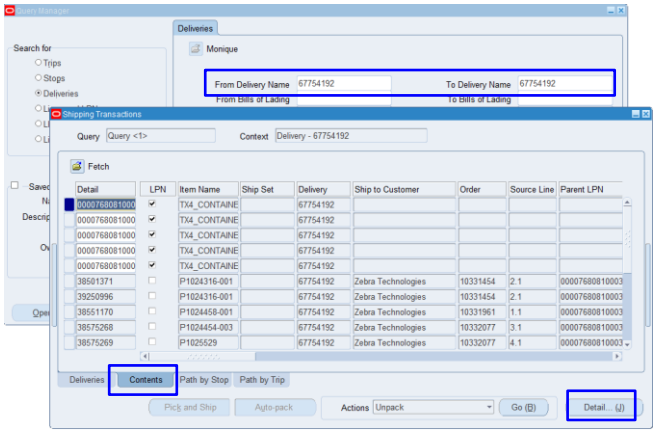
Before the Delivery can be shipped, the weights and dimensions for each LPN must be recorded first.

Please use the weights and dimensions recorded on the Pack Consolidation Report.

Step 1: Using the Oracle Forms, navigate to the 'Shipping Transactions' Form

Step 2: Select the 'Deliveries' radio button

Enter the Delivery number in the 'From Delivery Name' and 'To Delivery Name' fields

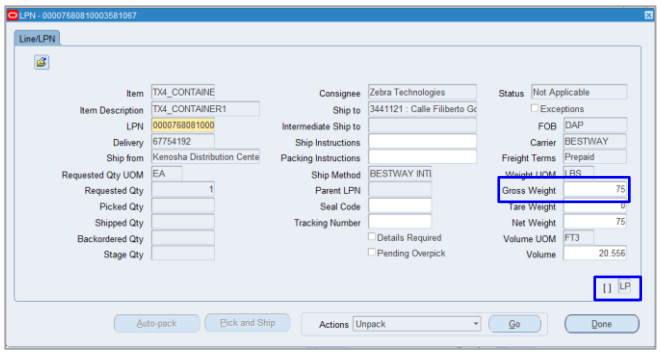


Step 3: Select the 'Contents' tab

Select the line for the LPN you want to update and click on the 'Detail' button

Step 4: Enter the weight of the LPN in the 'Gross Weight' field

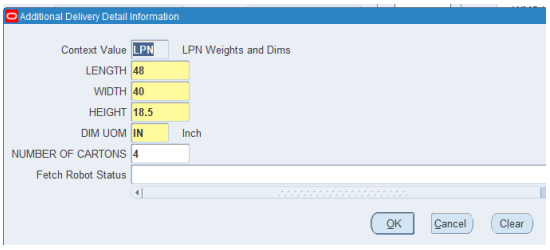
Then click on the so-called 'DFF flexfield' in the bottom right-hand corner



Step 5: Enter the dimensions of the LPN:

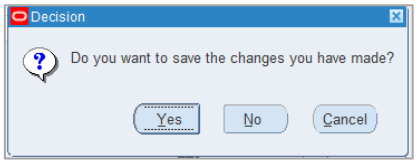
- Length
- Width
- Height
- Unit of Measure (DIM UOM)

And enter the number of cartons on the pallet
Enter '1' if the LPN represents a carton



Click on the 'OK' button to exit the 'DFF' field

Click on the 'Done' button
Select 'Yes' to save the changes



Repeat steps 3-5 for all LPNs for the Delivery

- The Weights and Dimensions are recorded for the Delivery.
