GENERATE SHIPPING DOCUMENTS

The correct Shipping Documents must be generated before the pallets or parcels can be shipped.
The following documents are available in Oracle:

- Packing Slip
- Commercial Invoice

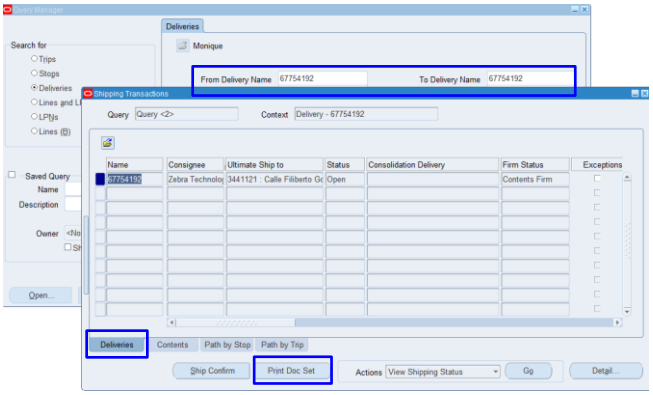
Note:
To print the Packing Slip as a label, the so-called zSlip, please refer to the Work Instruction for Outbound Label Printing.
For Export Shipments additional documents may be required, please refer to the Global Trade Management instructions.

Step 1: Using the Oracle Forms, navigate to the 'Shipping Transactions' Form

Step 2: Select the 'Deliveries' radio button

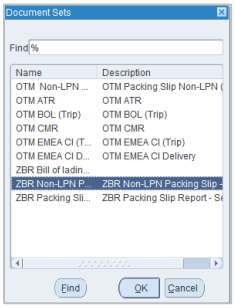
Enter the Delivery number in the 'From Delivery Name' and 'To Delivery Name' fields

Step 3: From the 'Deliveries' tab, click on the 'Print Doc Set' button



Step 4: From the available Reports select the report required

Name	Description
ZBR Non-LPN Pack Slip – Set	Pack Slip Report without LPN details
Zebra Packing Slip Report – Set	Pack Slip with LPN details
Zebra Commercial Invoice Print Program (New) - LandScape	Commercial Invoice per Delivery
ZBR Bill of Lading	Bill of Lading per Delivery

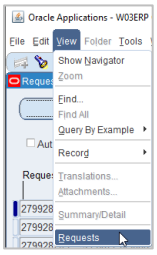


Click on 'OK'

Repeat step 4 until all required reports have been requested

Step 5: From the Toolbar select 'View' -> 'Requests'

Click on 'Find' in the pop-up screen 'Find Requests'



Step 6: By default, all your report requests from the previous 7 days will be displayed

Select the report you want to see/print and click on The 'View Output' button.
The report will be displayed, ready for printing
