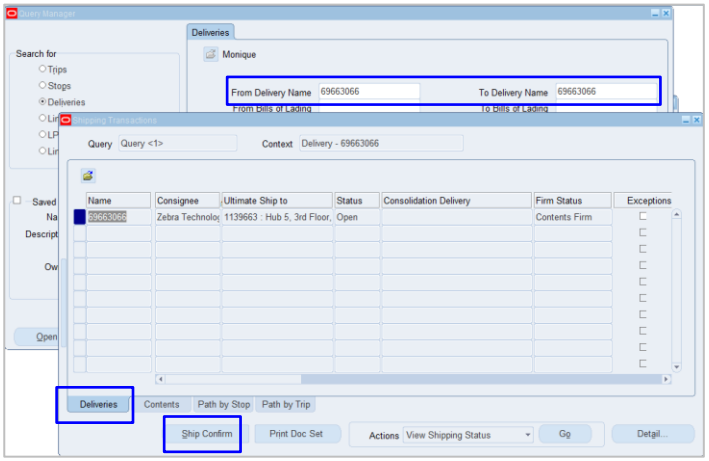
SHIP CONFIRM

Once the shipment has been physically shipped, the Delivery must be 'Ship Confirmed' to close it. This will also trigger the invoicing process.

Step 1: Using Oracle Forms, navigate to the 'Shipping Transactions' Form

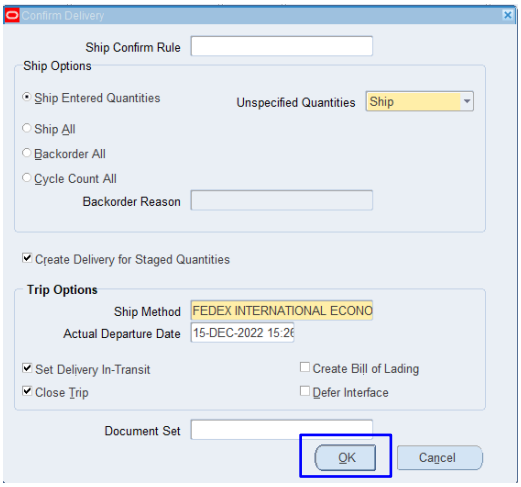
Step 2: Select the 'Deliveries' radio button

Enter the Delivery number in the
'From Delivery Name' and
'To Delivery Name' fields

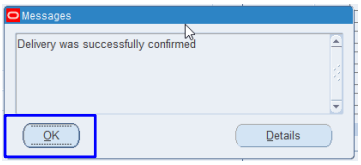


Step 3: Make sure you are on the 'Deliveries' Tab
Click on the 'Ship Confirm' button.

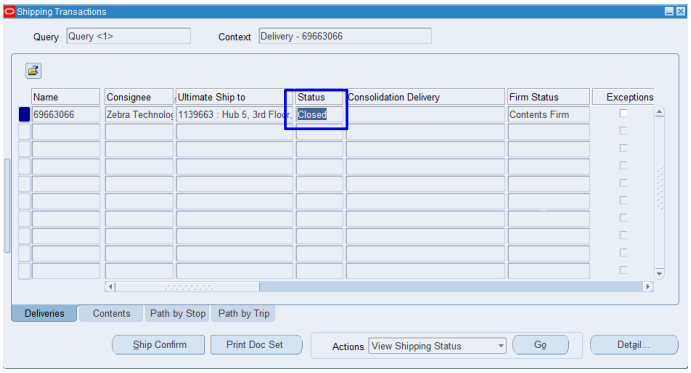
Step 4: Accept all the default settings and click on 'OK'



The following message will be displayed:



Click on 'OK' again.



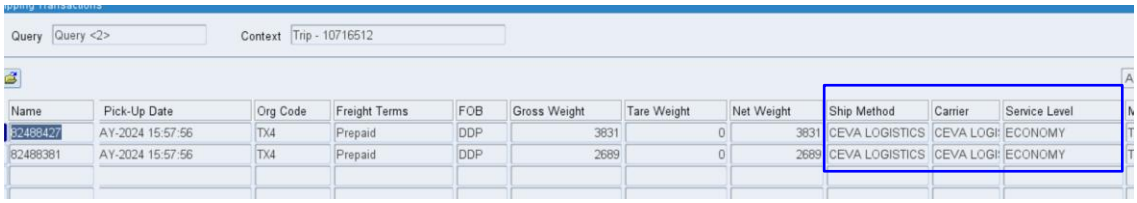
The status for the Delivery will be updated to 'Closed.'

TRIP CONFIRM

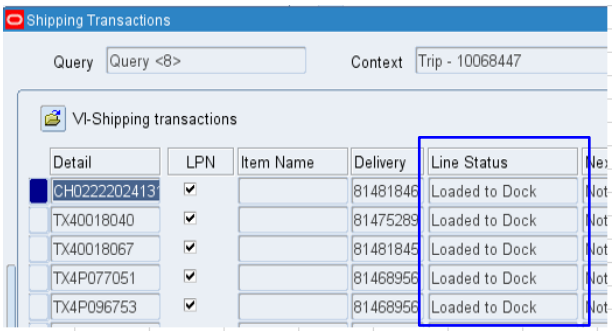
Trip confirming is confirming multiple LPNs simultaneously instead of delivery at a time.

Note: Before confirming a Trip,

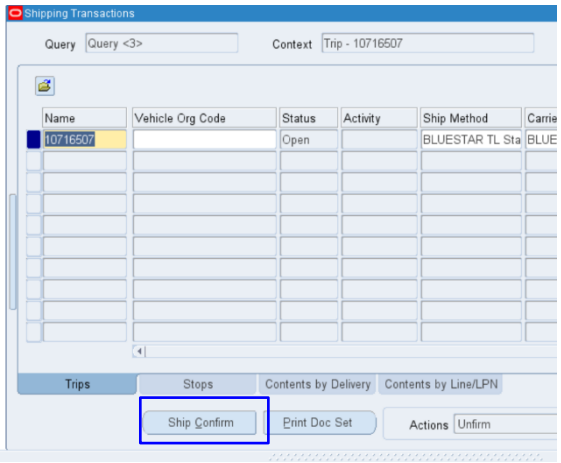
Step 1: Ensure every delivery on the trip has the same shipping method in the "Contents by Delivery" tab.

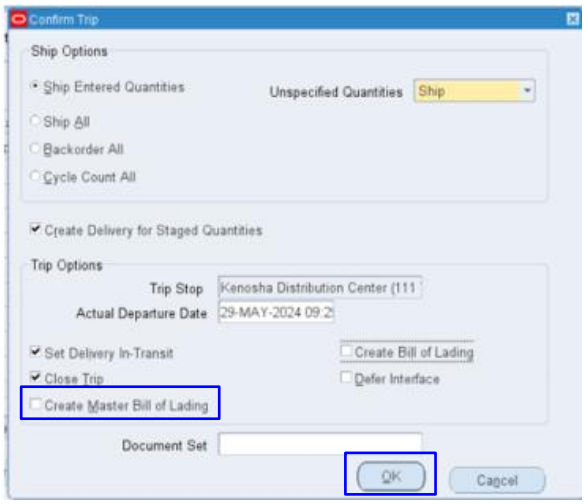


Step 2: Ensure the LPNs show as "Loaded to Dock" in the "Contents by Line/LPN" tab.



Step 3: While on the 'Trip' page, select Ship Confirm.





Step 4: Uncheck the 'Create Master Bill of Lading' box and click 'OK'.
